

## Essay Prompts on Globalization

**How does literature reflect the impact of globalization on cultural identity?**

How do the characters grapple with the effects of global culture, migration, or Western influence.

**In what ways does literature challenge or reinforce the power structures associated with globalization?**

Examine how economic, political, or social inequalities caused by globalization are portrayed in a specific literary work.

**Explore the theme of displacement in literature in the context of globalization.**

How do authors use characters and settings to show the emotional and social costs of migration, exile, or diaspora?

**How has globalization influenced narrative style or literary form in modern literature?**

Discuss how authors blend languages, cultures, or traditions in their storytelling to reflect a globalized world.

**To what extent does literature offer resistance to cultural homogenization in the era of globalization?**

Analyze how writers preserve or revive local cultures, languages, or traditions in response to global forces.
